Dear Ms. Snyder,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2013-59-E and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Assistant

Subject: Increaseing Rates

I want to express my deep concerns about increasing Duke Energy Rates. I am the mother of six children and my husband takes care of them while I work. We struggle to keep up in today's economy and are very upset about the possibility of our expenses increasing yet again. The economy is bad enough without being gouged by another bill collector. I urge you to consider the lower income families before another rate increase. I truly do not want to choose between food and power.

Merry Beth Snyder
